60 years of experience in shipbuilding.
More than 400 boats, many of which have sailed around the world in all seas and oceans.
Resistant, comfortable, safe boats that stand the test of time.
META YACHTS presents the custom 17.50

Personality

One-off projects represent the fulfillment of the expectations and dreams of an individual. Often experienced sailors, the dialogue between the client, the architects and the shipyard is paramount. The launching of an off-one is the proof of a fantastic collaboration.

Designing an off-one yacht according to the owner's specifications - while rigorously preserving performance and marine qualities. These are the qualities and values shared by the META shipyard and the Joubert-Nivelt firm. This collaboration has given birth to many projects and the Custom Yachts 17.50 is the perfect illustration of these values.

Layout

Your META

The possibility of a custom design is still very important to META YACHTS. We offer our designs as is but also, our in-house design office keeps the one-off spirit alive that we treasure. None of our designs are set in stone. META YACHTS is open to suggestions and offers the possibility of custom layouts. A META boat is above all a boat that looks like you!
You can find the rest of the range on the yachts page:
