Architect(s) : Jean-pierre Brouns

60 years of experience in shipbuilding.

More than 400 boats, many of which have sailed around the world in all seas and oceans.

Resistant, comfortable, safe boats that stand the test of time.

META YACHTS presents the JMF 33

Personality

A troller yacht of a little less than 10 meters, the JMF 33' is a yacht with large interior and exterior volumes that has nothing to envy to trollers of a few meters more. With its sheltered cockpit and high headroom, the interior is relatively large with a living/dining area, a fully equipped galley, and a wheelhouse area with steering wheel and chart table. On the lower deck, there is a large double owner's cabin and a bathroom with toilet.

The JMF 33' can be equipped with a mast and sails and the interior layout can be modified as desired.

Layouts

Your META

The possibility of a custom design is very important to META YACHTS. None of our designs are set in stone. META YACHTS is open to suggestions and offers the possibility of custom layouts. A META boat is above all a boat that looks like you!

You can find the rest of the range on the yachts page:
