Architect(s) : Joubert & Nivelte

60 years of experience in shipbuilding.

More than 400 boats, many of which have sailed around the world in all seas and oceans.

Resistant, comfortable, safe boats that stand the test of time.

META YACHTS presents the JN 56 Long Range

Personality

This boat was designed by Joubert-Nivelte for a transoceanic voyage followed by "The Great Circle Road" Saint Laurent, Canada, Illinois, Mississippi, Gulf of Mexico to Boston, East Coast and Florida. A true Trawler, true to his name, for long range expedition ! As large motor yacht, the JN 56 Long Range is a comfortable yacht that can accommodate at least 6 people for transoceanic voyages. The boat can be piloted from the cockpit but also from the fly bridge where there is a large space that can be used as a sunbathing area or as storage space for a rigid tender.

Layout

Thought out for long distance cruising, the layout is made to offer a spacious and open feeling. The spaces are directly communicating, only separated by half bulkheads. There is no feeling trapped in this boat, can experience the entire length of the boat in one look around. It has a large cockpit with a living and dining area on the main deck and three bedrooms and two bathrooms on the lower deck.

Your META

The possibility of a custom design is very important to META YACHTS. None of our designs are set in stone. META YACHTS is open to suggestions and offers the possibility of custom layouts. A META boat is above all a boat that looks like you!
You can find the rest of the range on the yachts page:
