60 years of experience in shipbuilding.

More than 400 boats, many of which have sailed around the world in all seas and oceans.

Resistant, comfortable, safe boats that stand the test of time.

META YACHTS presents the META 50

Personality

The META 50 is a sailing boat from the META range, developed since 2020. A first class offshore sailboat, the META 50 is designed for long distance cruising.

Designed for a round-the-world trip, safety and comfort are essential elements of this yacht. From the Mediterranean to the Pacific by the Trade Winds, the META 50 will bring you to a safe harbor from the open sea, all around the globe.

Like all our constructions, the META 50 is made of ultra resistant Strongall® pre-stressed aluminum, and offers several layout options.

Layouts

This large yacht has a large saloon with panoramic view, an open kitchen, a chart table, 2 double cabins & a bathroom at the back, and a large owner's cabin at the bow, with dressing room and independent bathroom. A single skipper's cabin with bathroom is also possible in the forepeak.

Your META

The META 50 is available in a twin keel version and is particularly adapted to the TurboKeels® system (twin keel with ballast) which allows it to display performances equivalent to those of a 3.50m keelboat with however half the draft and reducing the heel by 15-20°. The META 50 is a high quality cruising sailboat.

The possibility of a custom design is very important to META YACHTS. None of our designs are set in stone. META YACHTS is open to suggestions and offers the possibility of custom layouts. A META boat is above all a boat that looks like you!
