60 years of experience in shipbuilding.
More than 400 boats, many of which have sailed around the world in all seas and oceans.
Resistant, comfortable, safe boats that stand the test of time.
META YACHTS presents the Noé

Personality

The Noé, a real 24 meter long living arch, is a mobile autonomous floating habitat for navigation on sea or rivers.

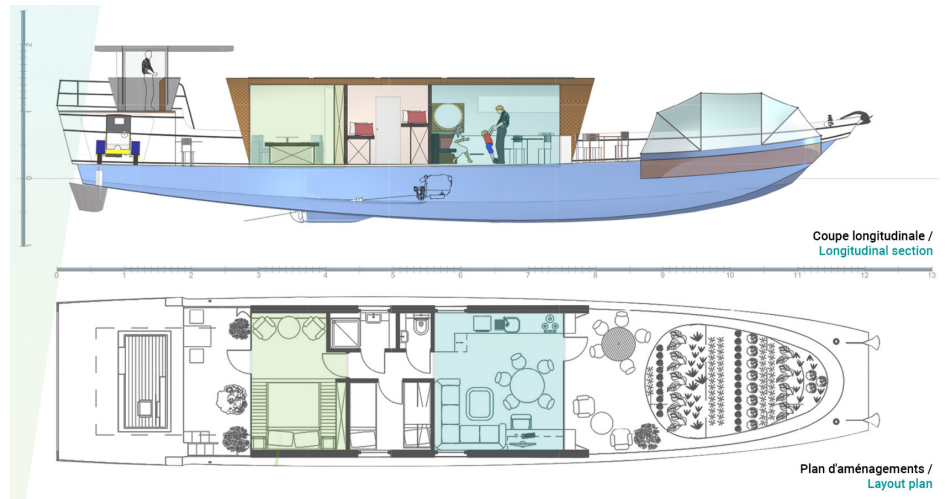

The deck can receive a multitude of potential options to make it a floating home, a travel vessel, a professional or advertising space or a means of autonomy/self-sufficiency.

Its hull gives it a great sobriety in thermal motorization and allows an electric propulsion if necessary. It is also designed to be easy to maneuver.

It is eligible for river and maritime navigation in category C; access to category B depends on the choice of customization options. Its options are grouped around 7 major customizable items: wheelhouse, aft hold, living quarters, decks, greenhouse, motorization, underdeck holds. Of course, you have the possibility to submit additional options. This real floating Swiss Army knife will satisfy the most demanding.

Layouts

The Noé floating habitat can accommodate up to 6 people and can be a self-sufficient habitat thanks to its propulsion, energy and even greenhouse options. The saloon is a real living room, open, spacious and giving out on a front terrace.

Your META

The possibility of a custom design is very important to META YACHTS. None of our designs are set in stone. META YACHTS is open to suggestions and offers the possibility of custom layouts. A META boat is above all a boat that looks like you!
