Architect(s) : Michel Joubert / Nivelt

The smallest mixed cruiser in the "Sainte Marthe" range, the Ste Marthe 33' is a boat capable of facing the high seas as well as the rivers thanks to its shallow draft and its Strongall hull.

This small yacht available in small or tall mast version is divided into 3 half floors. First, the cockpit gives access to a high saloon with a fully equipped kitchen and a wheelhouse. Finally, there are two double cabins and a bathroom with a toilet.
