Mid-range of the Sainte Marthe's line, the Ste-Marthe 39' is a beached yacht with large interior volumes and plenty of storage space. It is composed of a large owner's cabin and a second double cabin. The living spaces are divided into two half floors with a large saloon and chart table area on the upper level and the galley giving access to the cabins and bathroom on the lower level.

The Ste-Marthe 39' is designed in Strongall, a thick pre-stressed aluminum hull allowing her to access polar seas as well as warm seas in complete safety for a guaranteed comfort.
